## "Slide Kelly, Slide"

Coming Next Fri. and Sat., April 20-21

Emil Jannings in "The Way of All Flesh"

## Cowell Family Hold Reunion

Mr. and Mrs. R. Cowell entertained to a dinner party on Easter Sunday, the event being in honor of Mrs. Cowell's mother, Mrs. Stephenson, of Albany, Iowa. The guests included Mr. and Mrs. D. Watkins, Mr. and Mrs. Fred Clever, Mr. and Mrs. Melvonna and Miss Cowell and Mr. Norman McGregor of Lethbridge, Mr. and Mrs. A. Lyon and Mrs. O. Lyon of Barons, Miss Kathleen Cowell and Mr. Gordon McLean. The party included all of Mrs. Stephenson's grandchildren.

## Women's Institute Hold Interesting Meeting

The W. I. met at the home of Mrs. F. C. Alecock on Tuesday afternoon. There was a good attendance, much better than expected considering condition of roads, and the fact that every one is so very busy at this time. Mrs. Dean Smith gave an excellent report of the Constituency Conference at Lethbridge, stressing the fact that Mrs. Alecock had been the means of a branch of W. I. being organized in Lethbridge. (Mrs. Alecock is to be commended as this was accomplished at her first District Conference). Mrs. Smith's report was followed by a vocal solo by Mrs. Wise. In Mrs. Ulrich's paper, Agriculture, was ably dealt with. Mrs. Ulrich having made a specialty of this branch of Institute work, gave many helpful hints. She stated the Institute slogan for 1928 being "a bit of grass and a few flowers for every home in Alberta." A request from the high school tennis club for assistance in re-fitting tennis court was dealt with, the W. I. agreeing to assist the club. Next meeting is to be at the home of Mrs. David Watkins.

J. W. Murphy of Travers was in town on Monday en route home from High River by a truck. He first tried to make the trip via Carmangay, but after damaging his Pontiac in a mud hole east of that town, towed his car in for repairs and made the trip home with the truck by Champion. According to Mr. Murphy Travers is a coming metropolis in the near future. He is putting in some 1,300 acres of crop there this year.

C. E. Anderson's family have been the center of attraction on the part of the juvenile population of the town, a shetland pony and cart proving an irresistible magnet. "The days of real sport" could not possibly furnish a better sample of rapture than the pride exhibited by the boys in their new possession.

Among the visitors here this week was Fred Starr who is on his way back to Montana after having spent a year in California. He lived within twelve miles of his father in California and was able to visit his home every week. He infers that while California is all right a longing for Alberta is evident in everyone who has left here.

Elmer and Ida Stoddart were among Easter visitors to Champion.

Sam Jopling spent a few days in Calgary this week on a business trip.

Roads in every direction are improving rapidly, but are still very rough with some very bad mud holes.

## Miss. I. M. Hummon Thrills Audience

The dramatic recital given by Miss Ina Mae Hummon in Campbell's hall on Thursday evening, February 8th, was well attended despite bad weather and roads. The play selected was "Mary Jane's Pa," and Miss Hummon's portrayal of the fifteen different characters was so realistic as to impress her versatility on every listener. Miss Hummon is a superb entertainer and her return to Champion at some future date will be eagerly looked forward to by her admirers. G. M. Campbell rendered a very acceptable solo, the entire balance of the program resting on the very capable shoulders of the dramatic artist.

## Champion Breeders Win at Calgary

In addition to the Champion bull in the Shorthorn class from 18 to 24 months, A. S. McDougall captured third prize in this class, with C. D. McDougall second. The champion bull brought \$900 and the third prize animal \$725, while C. D. McDougall's second prize bull was sold for \$380.

Under 18 months C. D. McDougall was awarded third prize and A. S. McDougall fourth prize, the animals bringing \$310 and \$285, respectively.

In addition A. S. McDougall sold two bulls between 18 and 24 months for \$410 and \$285, and two yearlings for \$290 and \$290.

F. X. Beingsesser sold two bulls between 18 and 24 months for \$350 each and others in the younger class, the amounts received not being available at the time of going to press.

## Ferdinand Schultz Dies While En Route Home

The funeral of Ferdinand Schultz took place from the United Church on Sunday to the local cemetery, Rev. F. S. Duensing conducting the service. The deceased had been in poor health for some time and had gone to Denver, Col. to consult specialists. He was on his way home at Shelby, Montana, when death overtook him. He was 47 years old and leaves a brother residing south west of Champion.

## Shorthorn Men

### To Be Banquetted

A banquet to Messrs. A. S. and C. D. McDougall who made such an outstanding success with their exhibit of Shorthorns at the Calgary Spring Stock Show and Sale, together with F. X. Beingsesser another prominent Shorthorn Breeder, will be held in the Savoy Cafe on Wednesday evening at 7.30. Those who are desirous of attending are requested to hand in their names to H. E. Gill at their earliest convenience as the accommodation is limited for the occasion. A general invitation is issued subject only to the accommodation arranged for.

A stiff flurry of snow on Wednesday night again interrupted threshing operations for a short time, but it disappeared quickly on Thursday and everything should be dry on Friday morning.

## Are You Ready for Spring?

**Ties** A splendid assortment of fine cut Silk Ties in new stripes, small figures, all over patterns and plain colors

## NOTES AND COMMENT.

With a community hall practically assured by the recent drive in the hands of the Elks' Lodge, there is a general feeling of gratification on the part of residents generally. Previous efforts in this direction were handicapped by the effects of lean years, still there is no doubt every movement towards the building of a hall helped wonderfully in the final realization of the idea, and this without detracting in the least from the credit due the Elks' organization.

With a new school building to be erected at a cost of \$25,000 and a hall at \$10,000 or more, there is a very creditable beginning for the most expensive year we have ever had in the building line. Improvements on the hotel premises are already under way which will run into an expense in the thousands. The new garage to be erected on the old Canadian Bank of Commerce site will be one of the finest and best equipped in the country, while improvements and additions to the Ford premises at a cost of over \$3,000 are planned. Rumor is responsible for the assertion that two more elevators will be added to the local string during the summer, and there will be considerable activity in the residence building line. Undoubtedly very satisfactory progress is assured in this direction.

The navy no longer possesses its old relative importance. The late war proved it of small value as a "sword" while as a "buckler" it has been largely superseded by air warfare. If any Continental Power wants in future to bring this country to its knees, it will be by air, not by water, that the big attempt will be made.—London Daily Chronicle.

While there is evidence in every direction of the desire to get on the land continued snow flurries have made the drying up process very slow and it will be some days yet before anything in the nature of spring work will be possible.

It is an ill wind that blows nobody good. The cut in coal rates from Alberta to Ontario has caused the United States anthracite coal people to cut the price of that product accordingly.

Renewed interest in oil shares and oil wells has been aroused by recent strikes in Turner Valley. There is little danger, however, of a repetition of the boom which flattened out about a year ago.

The prices realized for land sold this spring in this district look to be gratifying to those who have interests in farm property here. We have surely got away from the depression of the early twenties.

will  
do  
it.**

The slow progress being made by the fields in drying out is causing some concern to the farmers, more particularly those who have threshing to do this spring in addition to seeding. Some threshing has been accomplished recently, but there is still quite a lot of this work to be done.

Lake Hummel, at its present level, would almost provide boating and bathing facilities for residents if more care had been taken of its bed in dry times.

Bridge continues to be the relaxation favorite of tired Champion business men. An effort should be made to stage a bridge tournament with some outside talent, just to see if the local stuff is as good as it thinks it is.

There was a proposition on foot to discover the best pool player in this vicinity with considerable money involved. Something must have gone wrong with the negotiations as the real test has not occurred.

## Local and General

G. L. Dupue unloaded another car of tractors on Tuesday.

The commercial travellers are again using their cars on the road.

Mr. and Mrs. J. D. McDougall spent a few days in Calgary this week.

Miss C. Barrett, of McCullough Bros. staff, spent the week end in Calgary.

H. Cooper is the latest purchaser of a Chevrolet car, J. M. Moffatt being the vendor.

Mr. and Mrs. L. J. Adams left on Friday for Calgary, where they visited for some days.

FOUND—Ladies' dress between Frank Smith's and Oscar Simonson's. Apply at Chronicle office.

W. Stein, of the Champion Meat Market, spent Easter in Calgary.

V. S. McClure returned on Monday from an extended visit to Spokane.

Mr. and Mrs. A. W. Jopling motored to Calgary on Monday, where they will spend a few days.

R. Blason, who is now employed at the Miebach garage, Lethbridge, was an Easter visitor to Champion.

Miss Florence Ulrich, who is spending the Easter holidays at her home near Champion, entertained a number of young people on Monday evening.

K. R. McLean, R.O., Sight Specialist 212 Herald Bldg., Calgary, will make his monthly professional visit to Champion, at the Drug Store Friday April 27th.

J. D. Henderson spent the Easter holidays at his home in Lethbridge.

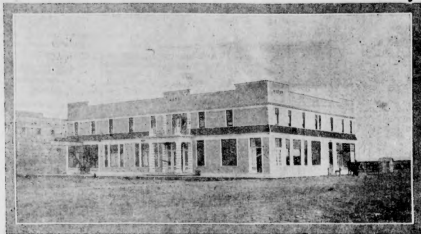

Bert Hoskins is spending the holidays with his grandmother, Mrs. Scott, in Calgary.

Miss Jessie Archibald, of Calgary, is among those who took the holiday opportunity of visiting her home here.

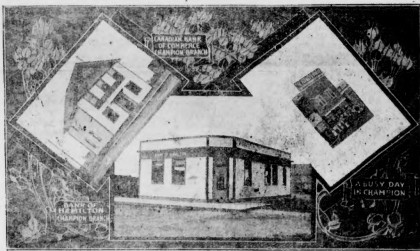

Mr. and Mrs. E. F. Crawford are in Calgary this week looking over some residence property they propose buying.

Loretta Clever returned to Calgary with her grandmother, Mrs. M. G. Clever, and will remain there for the week.

The eighteenth summer auction sale and show of purebred cattle of beef and dairy breeds will be held in Calgary on May 31st and June 1st. Entries will close on May 1st. Stamped dates are July 9th to 14th.

Champion has always been fortunate in having one of the best hotels in the province outside the cities. Improvements under way include a complete renovation of the interior while the exterior will be finished in stucco.

A landmark in Champion's history will disappear when the old Canadian Bank of Commerce building (upper left) is removed to make way for J. Moffatt's new garage.

## NAVIGATION TO PORT CHURCHILL SEASON OF 1930

Ottawa.—Navigation via the Hudson Straits to Port Churchill in the season of 1930 is the present objective of the Departments of Marine and Fisheries and Railways and Canada.

Plans are now being created for the setting up in the straits of two direction finding stations, similar to those operated by the Department of Marine on the Atlantic Coast, and in the Gulf of St. Lawrence.

The Canadian Government ship, Montcalm, will leave for the North about the middle of June, under the direction of Major N. B. MacLean, and the vessel will spend the summer in the straits. She will carry with her additional supplies and equipment to enable the three Royal Canadian Air Force bases to continue their work until autumn.

During the summer, the work on the direction finding stations will be commenced and the men who will be in charge of this work will take over much of the equipment which the air force will leave when they conclude their work and start South. The Polar planes will be packed up and returned on the Montcalm.

It is understood that the air force will retain these planes which were purchased specially for operation in the straits.

The Department of Railways and Canada will probably send a special car and equipment North to undertake the reboating of the ship, Canadian Raider, which was beached last summer after some difficulties were encountered.

## Dominions Must Decide

Signature of Anti-War Pact Left To Countries Involved

Washington.—Whether the self-governing Dominions will sign separately any anti-war pact which is concluded is a matter to be decided between the British countries themselves, said Frank B. Kellogg, United States Secretary of State, to the Canadian press.

"The United States would, of course, welcome the signatures of any or all of the British Dominions," he continued.

The secretary of state had been asked if, in the event of Great Britain adhering to the proposed pact to outlaw war, Canada and the other British Dominions would be asked to sign separately.

Asked if he had had any conversation with the Canadian government on the subject during his recent visit to Ottawa, secretary Kellogg replied that he had not.

The next step by the United States Government has not been decided on, said.

## Movies Sent By Wire

Ten Feet Of Film Used In Successful Experiment

Chicago.—An advance in the transmission of pictures by wire has been made when for the first time a motion picture was sent over telephone lines to New York city for display there.

A close up of Vilma Banky, motion picture star, was taken in the telephone offices of the American Telephone and Telegraph Company, and within half an hour the film had been developed and was being transmitted over the wires.

The film was cut up into short strips and sent as "titles" or ordinary pictures. At the other end of the line the strips were pieced together and then photographed on a regular motion picture film. Ten feet of film were used in the experiment.

## B.C. Student Recieves Award

Toronto.—Dermot A. Davies, a student at the University of British Columbia, has been awarded a \$1,000 graduate fellowship in economics offered by the Royal Bank Company, and to the students in attendance at any Canadian University who submitted the best paper on one of several topics in connection with the important problems confronting Canada.

## Empire Fair Shows Deficit

LONDON.—There was a deficit of £175,000 in connection with the British Empire Exhibition of 1924-25, according to Captain Douglas Hodge, M.P., parliamentary under-secretary of state for the Home Department, who was asked about the matter in the House of Commons.

## A Great Aid To The West

Building Of Railways To Outlying Parts Proves Big Factor

Toronto.—"One of the greatest things the Liberal Government ever did was the building of railroads to outlying parts of the country, such as the Hudson's Bay Railway and new lines into the northern part of Western Canada," said C. R. McIntosh, M.P. for North Battleford, and proprietor of the North Battleford News, at a luncheon given by the Toronto Men's Liberal Association.

Years ago, he continued, Canada looked across the border, and there were no railroads in the back country. Today lines were being constructed and the result was that the country was filling up with good families from all over the world. Speaking of immigration, Mr. McIntosh said his district was populated by people from all parts of the world. "These people," he said, "who have toiled and labored to make homes for themselves, will be given a place in the governing of our country. Otherwise in the future we will encounter trouble."

## Commander Daniel

Found Guilty

Sentenced To Dismissal From Ship With Seven-Year Ban

Gibraltar.—The first court-martial growing out of the Royal Oak affair which has stirred the British navy was held at Gibraltar today. The commander H. M. Daniel, on charges of conduct prejudicial to discipline.

The court, after deliberating one hour and ten minutes, found him guilty on all charges and sentenced him to dismissal from his ship and a seven-year ban. The sentence did not imply dismissal from the service and means that the commander will remain on half pay until it pleases the admiralty to appoint him to another ship or another post.

## Baldwin May Have

Another Term

Will Be Returned To Power At Next Election, It Is Predicted

Winnipeg.—The Baldwin Government will be returned to power at the next elections and the Conservative party will do better than it did last time, declared Sir Robert Horne, ex-minister of the interior, in the British Parliament, who spent two hours in this city while en route east in the course of a tour of the Empire.

Sir Robert considered Premier Baldwin safe in being returned to power and the Liberal party, he thought, would be sold under Lloyd George. The latter, he said, was the only leader available.

## Ontario Session Ends

1928 Session Of Ontario Legislature Proceeded With Usual Ceremonies

Toronto.—With the usual military pomp and traditional ceremony Lieutenant-Governor W. D. Ross formally prorogued the 1928 session of the Ontario legislature. Greeted on his arrival by the members of the legislature, he saluted the legislative chamber sharp at three o'clock for the brief ceremony. The galleries were sparsely filled and many of the members had already dispersed to their homes. The day of Alexander Street, M.L.A. for North Bayview, who died on Sunday, was draped in a Union Jack surmounted with crepe.

## Use Drastic Methods

Bandits Recieve Short Shift From Mexican Troops

Puebla, Mexico.—Bandits captured in the state of Puebla are being hanged to trees beside the highways wherever found in this region by federal troops and home guards. The bandits are being hanged by the hundreds, the authorities hoping that the grisly sight will deter other holdup men. At one point not far from Puebla three bodies swung from a tree beside the road and at another point are two bodies, while in several other places there are from one to three.

## To Vote On Beer Parlors

Brandon.—Petitions containing over 1,000 names have been filed with the city clerk for a vote to be taken on the local option clause in the Manitoba liquor laws, and accordingly a vote will be taken on the subject. The vote will be taken on or about May 15. The vote must be taken within six weeks and on the result will depend the opening of beer parlors in this city.

## Recognition For

Herman Trelle

Alberta Government Purchases Quarter Section Of Farm At Wembley Edmonton.—Payment of a first instalment in the purchase price of a quarter section of his farm at Wembley has been made to Herman Trelle, the Peace River wheat champion, through the department of public works. An appropriation of \$5,000 was passed in the estimates for this province.

Under the terms of the agreement, the quarter-section is being leased to Mr. Trelle for a term of five years with the option of purchase at the end of that time. The land adjoins the remainder of his holdings, on which his prize-winning wheat was grown, and is itself under cultivation. It is understood that Mr. Trelle will continue his experimental work which he has already achieved such distinguished success, and the action of the government, which was fully sanctioned by the legislature, is a way of demonstrating a province's grateful recognition of services rendered and good publicity provided through a double championship.

## YUKON ENTERS FEDERAL OLD AGE PENSION PLAN

Ottawa.—Yukon has entered the federal old age pensions scheme. George I. MacLean, newly appointed post and telegraph minister, has signed the agreement with the Dominion Government to participate in the federal plan.

An order-in-council will shortly be passed by cabinet council, in accordance with the established procedure, authorizing Hon. Peter Heenan, minister of labor, to sign for the federal government.

Yukon Territory is the second to join in the federal old age pension scheme passed at the last sessions of the Dominion Parliament. Several months ago British Columbia, through Hon. A. M. Munro, provincial minister of labor, executed an agreement with Mr. Heenan along similar lines to that of Yukon.

Manitoba and Saskatchewan are now negotiating with Mr. Heenan and it is probable that these two provinces will shortly also come under the federal plan. Legislation to enter into negotiations was recently passed by the legislatures of Manitoba and Saskatchewan.

The signature of Gold Commissioner MacLean was affixed under authority of an ordinance passed at the last session of the Yukon Legislature.

## Western Rivers Re-stocked

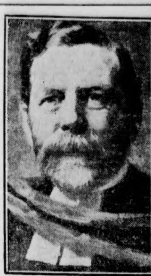

Upper.—The government hatchery at Banff, Alta. Lower—A live male cutthroat after stripping. Note the protruding lower jaw, characteristic of male cutthroats.

A full report of the activities of the last year by members of the Banff fish hatchery staff show that the staggering amount of one million, seven hundred and sixty-six thousand, eight hundred trout fry were placed in the streams of Alberta, under the direction of Superintendent J. Martin. A still further number in addition to the Banff hatchery were eyed eggs to total 71,040, which were also planted.

Lpray Lakes and the surrounding streams received the eyed eggs and 205,800 of the total number of cutthroat. Of the remaining 745,000, some 110,000 were distributed between the Jumping Pound and its tributaries, Tough and Loss creeks, near Cardston, Alta., and Big Hill and Cold creeks near Cochrane, Alberta. The balance were placed in park waters.

Of the Rainbow species, tributaries of the McLeod River in Northern Alberta received 60,000; tributaries of the Highwood received 60,000, tributaries of the Elberta, got 27,000, and with the exception of 20,000 that were placed in the Old Man and Crow's Nest rivers, tributaries of the Bow got the remainder. The Bow River, running behind the Banff Springs Hotel, is popular for its fish. That it is a successful year for the Banff fish hatchery and that the benefit of this work will soon be felt by anglers, can be doubt.

## VETERAN PASTOR PASSES

Dr. G. M. Milligan, veteran of the Presbyterian Church in Canada, and pastor emeritus of Old St. Andrew's Church, Toronto, and widely known throughout the Dominion, who died recently in his 85th year.

## Grant For Research

Placed At Disposal Of Canadian Society Of Technical Agriculturists

Ottawa.—A sum of \$4,000 has been placed at the disposal of the Canadian Society of Technical Agriculturists by the International Education Board of New York, founded by John D. Rockefeller, Jr., in 1923, to be used in making a survey of graduate and research facilities available at Canadian agricultural colleges. The Canadian Society of Technical Agriculturists of Agriculture. A part of the money will be used in preparing and publishing a graduate calendar upon such a survey.

The C.S.T.A. has arranged for the University of Alberta, which will undertake the survey in January, 1929.

## Wins Ribbon For Livestock

Calgary Man Carries Off Honors At Alberta Stock Show

Calgary.—W. P. Fleming, of Calgary, carried off the red ribbon for the best carload of 15 finished steers, 1,100 pounds and over, at the Alberta spring stock show. Leading breeders from many parts of the Dominion were present and expressed the opinion that this carload of Herefords were the finest ever exhibited in Western Canada.

Mr. Fleming also carried off prizes for his best five finished steers over 1,100 pounds. Frank Collicott, of Crosshead, succeeded in winning first and second place for 15 steers under 1,100 pounds.

## Plan Study Of Arctic

Nineteen Nations Will Contribute To Work Of Conference

Washington.—When representatives of 19 nations gather in Leningrad next June, in an international conference on Arctic exploration, the United States may be one of them.

If so, it will mark the first time that the United States has participated side by side with a Russian delegation in a conference and the first time this country had sent an official delegate to Russia since it became the Soviet of Socialist Republics.

The foreign affairs committee of the House of Representatives has voted favorably on a resolution which proposed U.S. participation in the International Society for the Exploration of the Arctic regions by airship.

Among the 19 nations who are expected to contribute to the work of the society are also Great Britain, France, Italy, Germany and Japan. Canada is not included.

## Completing Highway In B.C.

Federal Government Agrees To Co-Operate In Construction Work

Revelstoke, B.C.—A start on the last link of the trans-Canada Highway near Revelstoke and Golden will be made early next month, according to Hon. W. H. Murray, Provincial Minister of Public Works. An agreement to the cabinet, the Dominion Government has agreed to co-operate in the construction of the highway around the Columbia River, and the work is to be undertaken by the province at a point on the big bend North of here where work stopped at the beginning of winter.

Mr. Murray stated that the federal government cannot undertake the building of a road through Glacier House Park, but has offered to assist the province in building around the big bend. It is understood that Ottawa's contribution will approximate \$100,000. The work to be undertaken this year will be extensive, it was stated, and may entail an expenditure of \$225,000.

## Will Borrow Three Million

Alberta Contemplates That Debentures Will Find Ready Sale

Edmonton.—A debenture issue of \$3,000,000 will be made by the provincial treasurer at the beginning of next year in part for refunding purposes, covering an item of \$825,000 maturing June 1, and the balance will be used for general expenditure purposes of the government.

The exact terms and conditions of the issue have not yet been determined, but in view of the fact that the Eastern money market is now favorably disposed, the treasury is looking for just about the best sale it has ever made.

## NO CHANGE IN BRITISH POLICY TOWARD EGYPT

Manchester, Eng.—Sir William

Joynson-Hicks, secretary of the home office, told the Cotton Spinners' Association that the latest Egyptian note would work no change in British policy. He said:

"It is true we have received a somewhat foolish dispatch from the Egyptian Government. But I ask you to put your faith in His Majesty's government, and realize that this dispatch will mean no change in British policy. A reply to the Egyptian Government will be made shortly."

Sir William also said that he looked forward to the time when Leningrad would be independent of the cotton supplies from the "great west" and would get all its cotton from the British Empire.

Cairo, Egypt.—Premier Nahaas called to Cairo newspaper representatives briefly. Egypt's position with regard to Great Britain.

"In our case is Great Britain," he said, "we have striven on the one side to uphold our country's rights, and on the other to maintain our friendly relations with Great Britain."

The note in question was Egypt's reply to the British Government's latest note on the rejection by Egypt of the proposed treaty.

In his explanation the premier declared that Egypt's rejection of the British claim to the right of interference with Egyptian legislation and with Egypt's ability to manage her own affairs. Nahaas laid stress on his desire to prepare the way for "real friendship."

## OTTAWA MAY CONTROL RADIO BROADCASTING

Ottawa.—Government control of all radio broadcasting in Canada looms as a strong possibility of the future. They have such a system in Great Britain and it may come to it here before long.

While there has been no official decision as yet, it is known that such a proposition is being considered by those who have to do with radio.

A great deal of trouble is being experienced owing to the fact that many people—a fast increasing number—want to be in the broadcast, whereas the channels of communication are very limited. Much conflict arises and complaints are very numerous as to reception failures and other disagreeable conditions existing.

In consequence of this, it is learned that some serious securing new licenses have been continually refused not to make extensive financial commitments, as a development of the near future, the whole broadcasting business be taken over by the state.

Heretofore, both in Canada and in the United States, radio has been by license, but the broadcasts have been privately-owned enterprises.

In Great Britain it is all done by the British Broadcasting Company, which is directly under the control of the British Government. Although similar course here has not been decided upon, what is being said in favor of it and complaints against the present system tend strongly to encourage such a departure along the same lines as the British method. It is regarded as a possible possibility of the not distant future.

## Trapper Found Dead

In Northern Manitoba

Foul Play Not Suspected But Investigation Is Being Made

Nelson House, Man.—Word has been received here of the discovery of the body of John Lindbergh, 67 years old, in his cabin near Lake Trout, about an hour's journey from here. He left for the Northland last summer to establish a trapping line in the district.

Death is believed to have been due to natural causes.

The body was found by another trapper, who was the companion of who had decided on a visit to Lindbergh's cabin. They found several feet of snow piled against the entrance, and the body was found fastened from the inside.

Forcing their way, with the door found Lindbergh's body stretched on a bed. It was fully clothed. The cabin was in order and the body showed no signs of violence. A little wood was in the stove and there was plenty of food in store.

The last day scratched off the calendar was February 18.

Provincial police are investigating.

## Violation Of Elections Act

Fifty-One Men Fined \$100 Each in Montreal

Montreal.—Pulley of guilty of violating the municipal elections act, 51 men were fined \$100 each here, as an aftermath of the municipal elections. Three women taken into custody suspected of having either "telegraphed" or attempted to "telegraph" votes were detained until the polls closed and then released.

This was the first official case wherein a woman was arrested on such a charge.

Of the 51 men found guilty, twenty were charged with impersonation at the polls, while the other thirty-one were charged with "attempting to telegraph" votes.

## Had Lucky Escape

St. Catharines, Ont.—Although he fell fifty feet from the new bascule bridge being built across the Welland ship canal at Homer, lighting on his shoulder on the concrete floor after striking and being turned about by the girders, Elmer Green, an employee of the Hamilton Bridge Company, regained consciousness and was able to be out of the hospital shortly.

## Three British Flyers Killed

Winnipeg, Man.—Three British flyers were killed when the engine of their airplane exploded as they were returning to the aircraft carrier Her Majesty's ship, the Flying Cloud, on a desire to prepare the way for "real friendship."

No. 9

Published in the interests of the People of Champion and Farmers of this vicinity.  
GEO. L. DEPUÉ, Editor.

## EDITORIAL

Every once in a while we have a chance to join in some sort of "trade at home" campaign and we will admit that such campaigns have a lot to recommend them, but it has also been our observation that people do not mind buying goods from home stores and paying for them, providing they get their money's worth.

A. S. and Chas. McDougall are very well pleased with results obtained at the Spring Show at Calgary, realizing \$100 more per head at the sale than expected, as well as the champion of the Short-horn class.

## Things Not Wanted

The courtesy shown a customer. Flowers sent a sick friend. "Produce"

"Good Equipment Makes a Good Farmer Better"

given a fellow employee. Ray Warren and Royal Ruggles have each taken out their 10-20 h.p. Mc-Dug tractors. They took a 2-bottom 14 inch tractor plow as well.

The reason why airplanes are referred to as "she" is because it takes a he-man to run one.

Our heartfelt sympathy goes out to F. Schultz in his sad bereavement.

There is a big fortune awaiting the man who can be depended upon to do garden plowing when you want him.

A. S. McDougall has placed an order for a 10-30 Mc-Dug tractor, 12 ft. cultivator, 3-furrow tractor plow and 20 run D. disc drill.

## Striking Resemblance

Two ladies were passing Gill's Butcher shop where a pig's head was displayed with an apple in its mouth. "There," said one of them, "that"

reminds me that I promised Joe I'd get him a new pipe."

Fred Gottenburg has placed an order for a 15-30 h.p. tractor and a 4-furrow No. 8 P. & O. plow. Thanks, Fred.

A brilliant boy is one who succeeds in school despite his mother's conviction that everything is the teacher's fault.

Our Wm. Penn and Vedol oils are going out rapidly to guarantee perfect lubrication to lots of tractor owners.

A chip off the old block is often a blo-head. Louis Fath has taken out a 21 ft. wide type disc harrow.

## Community Sale Saturday.

The Easter tea and bake sale, held in the church by the Ladies' Aid, was a very pleasant affair as well as profitable for the Aid funds.

A Hopkins conducted an auction sale west of Calgary, on Saturday for J. A. Neilson. Good prices were realized for the horses and other effects put on the block.

During the week a local telephone directory has been issued and is being distributed through the local merchants as it was impossible to have it delivered through the mail. If you have not received a copy call at this office.

Mr. and Mrs. J. C. Atkins are now located in the residence occupied by Mr. and Mrs. J. VanBeisen, the latter having moved to the new coal mine recently opened by Popovich and VanBeisen.

The bank furnishings in the old Canadian Bank of Commerce building were crated last week, preparatory to shipment elsewhere. It is understood operations in moving the building to another site to make room for the new garage will begin at an early date.

The community auction sale on Saturday, commencing at one o'clock on the lots behind the old Canadian Bank of Commerce building, promises to be one of the big sale events of the spring as a very large amount of entries has been made. A Hopkins will be the auctioneer. Note Advt. else where in this issue.

## "BUILT TO DO THE WORK"

10 Tractors Farm 5000 Acres!

"I own and operate the New Era Tractor Farm. It consists of about 5000 acres under plow. The largest part of it was prairie when I bought 10 Twin City Tractors in the spring of 1925.

"These tractors have furnished all the power used in breaking up and farming this land. They have operated with much less than the average expense for tractors doing the same amount of work.

"I have used nearly all makes of tractors, but these Twin City machines pull larger loads for their rating, and do it more days per month without trouble than any I have ever used.

"Would advise anyone, before buying tractors, to be sure and consider the Twin City Tractors."

(Signed) E. M. Young, Prop.  
New Era Tractor Farm, McLaughlin, S. D.

**TWIN CITY**  
Tractors & Threshers

Twin City Tractors right in your own neighborhood are making just as splendid records for extra power, low upkeep and long life. Follow a Twin City out in the field at work. When it comes to a stretch of stiff going—it walks right on through.

A Twin City will pay for itself on your place by the extra profits it earns. Let us show you. Come in the next time you're in town.

More POWER  
than any other  
Engine of its Size

McLaughlin-Buick engine develops more power than valve-in-head construction concentrating the full force of the explosion directly on the piston and because it necessitates a smaller cooling area. The latter feature contributes to more efficient combustion and a noticeable saving of fuel.

TESTS prove that the valve-in-head engine as used by McLaughlin-Buick develops more power than any other engine of its size.

The G. M. A. C. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.
